

## RUBENSTEIN LAID WITHIN THE TOMB

### FUNERAL OF THE GREAT PIAN- IST HELD THIS NOON.

Services Were Held at St. Petersburg this Morning and Were Largely Attended—Li Hung Chang Stripped of His Official Honors—Ambassador Bayard's Conference.

ST. PETERSBURG, Nov. 28.—The funeral of Rubenstein, the famous pianist, was held this noon and an immense crowd attended.

COPENHAGEN, Nov. 28.—A cable dispatch, dated Shanghai yesterday, has been received here saying that an imperial decree has been issued depriving Li Hung Chang of all his honors, but allowing him to retain his present functions.

LONDON, Nov. 28.—In regard to the published report that the United States ambassador, Thomas F. Bayard, had a prolonged interview with the earl of Kimberley, secretary of state for foreign affairs, yesterday it being understood from this interview that the United States was willing to reopen the question of the powers addressing a joint note suggesting peace to China and Japan, the secretary of the United States embassy, James R. Roosevelt, denies absolutely that anything passed between Mr. Bayard and the earl of Kimberley which in any way concerned China or Japan. The interview, Mr. Roosevelt says, was upon ordinary embassy business alone.

### CZAR TO HIS PEOPLE.

PETERSBURG, Nov. 28.—The czar, in his manifesto to the Russian people, says: Solicitous for the destinies of our new reign we deemed it well not to delay the fulfillment of our heart's wish, the legacy sacredly left by our father, now resting with God, nor to defer the realization of the joyful expectations of our whole people that our marriage be hallowed by the benediction of our parents and that it be blessed by the sacrament of the holy church.

BIMETALLISTS AT ST. LOUIS. Conference May Result in Disbanding the Organization.

ST. LOUIS, Mo., Nov. 28.—Whether or not the Bimetallic league shall go out of existence will be determined at the conference of members of that organization which is being held here, and which was called for this city in view of the fact that many of the members are also delegates to the transmississippi congress. Of late there has been a lack of interest in the organization on the part of members from the silver producing states of the west. Those who are still loyal to the organization say that it is absolutely useless to carry the free coinage war into the east so long as the west is divided on the question of methods and policy. It is probable that the conference will issue a call for a meeting silver men at Denver, at which the silver producers and the commercial interests of the silver states will be required to put themselves on record as to whether they desire to keep up the organization or let the cause of free coinage sink into obscurity.

### Vicksburg Dry Goods Firm Falls.

VICKSBURG, Miss., Nov. 27.—The firm of Switzer, Newitt & Co., one of the largest drygoods houses in the state, has made an assignment to J. D. Shlenker, trustee, and closed its doors. NEW YORK, Nov. 28.—Gold is pouring into the treasury in payment for the new bonds, the amount received Monday and up to noon yesterday having been over \$16,000,000, which is largely in excess of the necessary first installment of 20 per cent. ## WANTS NEW BATTLESHIPS.

Secretary Herbert Also Asks for Twelve Additional Torpedo Boats.

WASHINGTON, Nov. 28.—The most important recommendation made by Secretary Herbert in his annual report is that congress authorize the construction of three great battleships of about 10,000 tons displacement each, to cost exclusive of armament not exceeding \$4,000,000 each, and twelve torpedo boats of from 100 to 300 tons each, at the discretion of the secretary, to cost not exceeding an average of \$170,000. The payment of premiums for extra speed is to be abolished. Attention is called to the fact that although the government is annually expending a large subsidy for vessels, such as the Paris and New York, to secure their use in time of war, it has not a gun to put on them. At present in case of war Great Britain could speedily arm her merchant marine on the great lakes and do us enormous damage, while if we had a reserve supply of guns we could dominate these waters. The secretary cites the case of China as proof that there is no security in numbers without adequate preparation for war. After again calling attention to the urgent need of legislation for the relief of the personnel of the navy the secretary recommends that the enlisted force be increased by 2,000 men.

In conclusion the secretary submits estimates for the next year aggregating \$27,885,914, exceeding the current appropriation by \$5,495,193.

### EMPLOYEES BURN A FACTORY.

Outbreak of Desperate Wage Earners in a Hoop and Stave Mill.

DEFIANCE, Ohio, Nov. 28.—A report has reached this city that the Shelley hoop and stave factory at Holgate, twelve miles east of this city, was burned by the employees, who went on a strike yesterday. This factory is the largest of its kind in northwestern Ohio and employs a large force of men, who have been receiving but \$1 per day for some time past. Twelve of the teamsters went out on a strike yesterday and declared they would go to the state prison before they would continue to work for their present wages. Early in the evening an attempt was made by the strikers to burn the factory, but the fire was suppressed. About 10 p. m. the strikers drew the fire from the boilers after overpowering the night watchman, and then set fire to the factory, sheds and timber. The factory is owned by Summer Shelley of Toledo and Serene Shelley of this city, both of whom have gone to the scene of the fire, and grave fears are entertained for their safety, as the strikers are a desperate set of men.

### DRIVE SETTLERS AWAY.

Utes Occupy Lands in Utah and Declare They Will Fight.

SALT LAKE CITY, Utah, Nov. 28.—Gov. West received letters yesterday from the sheriff and other officials of San Juan county, Utah, asking for assistance in driving out 500 Ute Indians. These Indians have come over from the Los Pinos agency in Colorado, bringing with them 10,000 sheep and 4,000 cattle. They say they were sent by Indian Agent Day, who told them they had a right to occupy these lands. They have driven the settlers from the grazing lands, and announce they will fight rather than return to Colorado. There are not sufficient settlers to cope with the Indians. Gov. West has asked for troops to drive the Indians back.

Posse of Citizens Overtake the Canadian City Gang and Wounded Three Besides Those Who Were Killed—Shrewd Scheme to Defraud An Express Company Exposed.

FORT SILL, Okla., Nov. 28.—A fight between the Canadian City gang of express robbers and their pursuers took place yesterday morning. The pursuing party came up with the bandits in the mountains, at the head of West Cache creek, and the fight took place about daylight. ### AGAINST EXPRESS COMPANIES.

Shrewd Conspiracy to Defraud Them in the Indian Territory.

ARMORE, I. T., Nov. 28.—Last Friday George Isaacs, a stockman living in the western part of the Chickasaw Nation, expressed to himself from Kansas City two packages said to contain \$25,000. The packages were addressed to Canadian, Texas. About thirty minutes after the arrival of the train bearing the packages four robbers rode up to the express office and attempted to rob the agent. Deputy Sheriff McKee was present and opened fire on them, and in the fight that ensued McKee was mortally wounded. The robbers were frightened off without securing anything. McKee has since died. George Isaacs was arrested. The packages were opened and found to contain \$200 in one and two dollar bills. It is said a combination has been made whereby money is to be shipped into the territory where the express companies are to be despoiled. The shippers will then present their claims to the express companies for settlement. A number of wealthy cattlemen of the Chickasaw Indian nation are said to be implicated.

### Marshal After Desperadoes.

WICHITA, Kan., Nov. 28.—A courier from Watonga arrived at Kingfisher, Okla., last night and says a band of desperadoes who attempted to rob the express office at Canadian City Friday last and murdered Sheriff McKee is part of the Doolin band and is led by Bill Doolin himself. Judge Dallas Decides Against the Railway Trainmen.

PHILADELPHIA, Pa., Nov. 28.—Judge Dallas filed an opinion in the United States Circuit court yesterday dismissing the petition of Levi Hicks and other members of the Brotherhood of Railway Trainmen, who desired to compel the receiver of the Philadelphia and Reading company to retain them in their employment and at the same time allow them to remain members of the organization. In his opinion Judge Dallas practically goes directly contrary to Attorney-General Olney's recent letter on the subject, in which the latter took the ground that the receivers were manifestly wrong in interfering with the employees as members of the Brotherhood of Railway Trainmen, and in which the attorney-general gave as his opinion that the men had a perfect right to organize.

### Italy Shaken by an Earthquake.

### ENGLISH WARSHIPS SET SAIL

Serious Trouble Looked for at Bluefields—Minister Asks for a Cruiser.

PANAMA, Nov. 28.—Advices from Managua indicate a grave situation in the Mosquito reservation. The British minister, Gosling, has notified Nicaragua that Great Britain refuses to recognize the Nicaraguan government at Bluefields. After an exchange of views, Minister Gosling telegraphed to Port Limon for a British warship to come at once to Bluefields. It is reported that the Nicaraguan canal project is at the bottom of the matter and serious trouble is feared.

### SECRETARY GRESHAM ALERT.

Our Interests at Bluefields Will Be Looked After.

WASHINGTON, Nov. 28.—It is difficult to confirm officially the report which comes from Panama of fresh trouble at Bluefields. Dr. Guzman, the Nicaraguan minister, was diplomatically silent when the subject was mentioned, and state department officials assume an air of reserve. That they are informed upon the subject, however, can not be doubted, and the strongest confirmation of the accuracy of the report is found in the fact that the United States steamship Columbia, which has been lying at Kingston, Jamaica, has gone directly to Bluefields and will doubtless reach that place as soon, at least, as the British warship from Port Limon, Costa Rica. If the facts are as represented, then the situation is undoubtedly one of great gravity. The mention of the Nicaraguan canal as being the real cause of the British action goes to confirm the suspicion that has long been cherished here that Great Britain really cares nothing for the Mosquitoes themselves, but is disposed to insist upon its protectorate over the reservation in order to base a claim of jurisdiction over that part of the old reservation which it has extended as far south as the eastern mouth of the Nicaragua canal. Should this claim be maintained it would, of course, operate to prevent the United States from controlling the projected Nicaragua canal, if indeed it should not cause the abandonment of the project. However, the prompt dispatch of the Columbia to the scene of threatened trouble is an evidence that the state department is not to be taken unawares by such proceedings, and the vessel will doubtless preserve the status quo there while negotiations are in progress. Secretary Gresham's interest in the subject is evidently keenly excited, for he has cabled to Ambassador Bayard an account of events reported to him and instructed Mr. Bayard to request an explanation from the British foreign office.

## BRYAN AT THE HEAD.

Silver's Champion in Position to Push His Pet Metal.

ST. LOUIS, Mo., Nov. 28.—The organization yesterday of the committee on resolutions of the Trans-Mississippi congress with Congressman Bryan of Nebraska as chairman, and E. A. Marshall of Texas as secretary, has been highly delighting to advocates of the white metal. In the convention there is a strong element in favor of international free coinage only and another opposed to any expression whatever upon the subject by the congress.

Whether the bimetalists will be strong enough to overcome both these elements can not be told.

At yesterday morning's session, pending the consideration of the rules report, the names of the members selected by the various state delegations for membership upon the committee on resolutions were handed in. The following states are represented: Arizona, Arkansas, California, Colorado, Indian Territory, Iowa, Kansas, Minnesota, Missouri, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Montana, Alaska, Wyoming, Louisiana, Nevada and North Dakota are not represented in the convention while Minnesota, Oregon and Alaska were able to name but one member instead of two as authorized. Upon the completion of this call the report of the rules committee was adopted after some debate.

Introductions of resolutions then became in order and the most important submitted were: Favoring governmental investigation of forest fires on public lands; urging admission as states of Oklahoma, New Mexico, and Arizona; opposing legislation to engrave the Baltimore plan or any other from of national bank issue upon the national currency system; favoring legislation to increase the price of cotton; favoring further and greater governmental and Texas harbor and river improvement.

Delegate Bryan of Nebraska introduced a resolution favoring the restoration of the free coinage of gold and silver at the ratio of 16 to 1 without the aid of any other nation on earth.

Delegate Cahill of Missouri introduced a resolution favoring efforts by the government toward inducing other governments to recognize silver more fully as a money metal.

The committee on permanent organization presented its report, naming George C. Cannon of Utah for permanent president, with one vice-president from each state to be named by its delegation.

At the opening of the afternoon session Congressman-elect Shaffroth of Colorado addressed the delegates on the silver question. Ex-Gov. Prince of New Mexico opened the discussion of the special order, the "Remonetization of Silver," upon the principle that all structures must first have a foundation. He claimed the interests of the east and west were identical in the matter of coinage.

At the evening session the discussion of "Remonetization of Silver" was resumed. Col. George E. Leighton of St. Louis was introduced to present the views of the conservative element. He was followed by Congressman Bryan. The old question of the insufficiency of the supply of money was his theme. There were three propositions to be met: The question of ratio; the limited or unlimited coinage of silver; the coining of silver alone or with the aid of foreign nations. To these propositions he had but this answer: Sixteen to one on the unlimited coinage and by the United States without the aid of any nation on earth. Ex-Gov. Anthony of Kansas followed in opposition to the views expressed by Congressman Bryan.

Mr. Peters withdrew from the case as counsel for the state to become a witness.

### TO AVOID INCOME TAX.

Railway Corporation Compels Small Stockholders to Carry the Burden.

NEW YORK, Nov. 28.—The action of the directors of the Catawissa railway, a road leased to the Philadelphia & Reading, in deducting 2 per cent from the net earnings to meet the new income tax, has created some consternation among small investors who had believed that they were safe so long as their annual incomes were within the \$4,000 limit. "Our company has not taken any action in the matter," said Chauncey M. Depew. "Some time ago I delivered an opinion at the board meeting that the law was unconstitutional and I believe it is. In the first place I do not believe the law will ever be put into force. There is no appropriation adequate for the purpose and unless the present congress provides the money before next March the law will become inoperative. If the law is carried out I presume that the New York Central and all the other roads will deduct the amount of the tax from their net earnings, in which event it will fall upon the stockholders. This will make the law pretty hard upon investors who own small holdings of stock but whose incomes do not even approach the limit established by the new law."

### WIFE OF BISMARCK DIES.

Surrounded by the Members of Her Family the Princess Passes Away.

BERLIN, Nov. 28.—Princess Bismarck, the wife of Prince Bismarck, died at Varzin at 5 o'clock yesterday. The condition of the princess became alarming Monday, as exclusively told in the Associated Press dispatch from Varzin Monday afternoon. It was then announced that the princess had suffered a relapse and that great anxiety was felt in regard to her condition by the prince and her attendants. All the members of the family were hastily summoned to her bedside. Count Herbert Bismarck arrived Monday evening and was present when his mother passed away. Although it is feared that the effect of his wife's death upon the prince will be serious, it is satisfactory to add that the great chancellor has been in better health lately, and that he has been able to resume his daily duties.

### IRON HALL LITIGATION.

Allowances Made to Attorneys and Receiver Faley Objected To.

INDIANAPOLIS, Nov. 28.—Ex-Judge Daniel W. Howe, attorney for defendants in the Iron Hall case, has filed a petition with Judge McMaster in the superior court asking that the allowances made by Judge Winters (McMaster's predecessor) to Hawkins & Smith, attorneys, and Receiver Faley be reconsidered. The petition alleges that the first allowance to Hawkins & Smith of \$16,000 was ample without the second allowance of \$14,000; that deduction should be made from Faley's allowance on account of interest received on funds by the Merchants' National bank, of which he and his bondsmen are principle owners. The case will be heard Friday morning. The sums allowed to the receiver and the above named attorneys for services in the receivership were respectively \$50,000 and \$30,000.

## NO FUNDS ON HAND TO RUN THE ASYLUM

### COUNTY BOARD FAILED TO MAKE APPROPRIATIONS.

Under the Present System 138 Insane and Forty Paupers Have Been Maintained for a Year at a Cost of \$4075.47—Old System Would Have Cost \$25,170.

EDITOR GAZETTE: In order to correct erroneous impressions regarding the Rock County Asylum and Alms House I send you the following:

Laws of 1891 require all expenditures and disbursements on account of the asylum to be kept separate, and make the county treasurer ex-officio treasurer of the asylum. Accordingly Nov. 12, 1891, \$3,000 and \$132.95 (balance of old account) was transferred from the new asylum fund, into which all money received has been put, and from which all money paid out, except for services, living and expenses of trustees and salary of superintendent has been drawn on warrants of trustees.

Appropriations for asylum fund Nov. 12 1891..... \$3,132.95  
For trustees 1892, common fund..... 96.56  
For trustees 1893, common fund..... 142.52  
For trustees 1894, com. mon fund..... 389.79  
For salary of superintendent for three years..... 2,400.00  
For furnishing new asylum..... 2,000.00

Total..... \$8,161.82  
Balance in asylum fund Oct 1 1894..... 838.82

Total county money used in three years 7,323.00  
Personal property in 1894 as per inventory..... \$10,384.84  
Personal property in 1891 as per inventory..... 9,669.17  
Due from state Oct. 1894 payable Feb. 1, 1895..... 8,357.50  
Due from state Oct. 1891 payable Feb. 1, 1892..... 5,825.64  
Personal property gain in three years (except of state credit and inventory)..... 3,247.53  
Cost to the county for maintaining insane and poor three years..... 4,675.47

From the foregoing it will be seen that the average annual cost for the last three years, of maintaining the insane, of whom Rock county has now 138, and the poor now 40 in number has been only \$1,358.35.

But for the large expenditures paid out of the asylum fund for repairs on the old building and for permanent improvements at the new plant, the cost of supporting the insane and poor for the last three years would have been reduced to a few hundred dollars. The time had come when our insane could no longer be kept where their lives were in jeopardy from fire. The state authorities had so decreed and that a new asylum must be provided, or Rock county would have to support its unfortunate elsewhere as other counties are now doing. Certain members of the board of supervisors objected to building a new asylum. If their counsels had prevailed what would have been the result? The cost of maintaining our present number of dependents for the current year ending Oct. 1, 1895, would be as follows:

31 insane the quota for Rock Co., at Men-  
dota at \$1.50 a week..... \$ 2,632  
101 in other counties at \$3 a week..... 16,334  
Caring for 138 at 25 cents a week..... 1,704  
Paupers maintained separately not less  
than..... 4500

Total..... \$25,170

The trustees are now in a quandary. How to run the institution without money is the problem they are trying to solve. Through the blundering and unwarranted action of the committee to whom was referred the annual report on the trustees, in which they asked for an appropriation to tide them over till February 1, when \$8,357.50 earnings of the asylum in 1894 will be paid into the asylum fund by the state, no appropriation was made by the board of supervisors at its recent session.

The present income (payable by the state) of the institution is as follows:

For supporting 120 insane now in our  
asylum at \$1.50 a week..... \$180  
For supporting 20 insane from other coun-  
ties at \$3.25 a week..... 65

Total weekly income..... \$ 45  
Undoubtedly there will be an in-  
crease in the number of patients and a  
corresponding increase in the income.  
The bill of the state for Rock county  
patients at Mendota during 1894  
amounts to \$3,380.45. There are now  
in Mendota only eighteen persons be-  
longing to our county.

### FRESH BUT NOT SENSATIONAL

Sixteen Answers in Twenty Four Hours Was the Reward.

He was no ordinary man who wrote the following advertisement, which brought sixteen answers in twenty-four hours:

I have an undesirable five room house on a desirable lot, 50x125, in a good location, 10 minutes walk from Court house, that I will sell for \$500, if taken quick.

If all advertisers should adopt this frank style of wording their announcements, what first-rate reading their advertisements would make! And the frankness is not all; the novelty is as great a charm. To be fresh yet unsensational—how truly this is art in advertising! And how well the art is illustrated in the advertising columns of The Gazette.

### Fifty-Two Cents Below Cost.

The sale of fine tailor made clothing which we commenced yesterday morning at 48 cents on the dollar, is progressing very nicely. We had many calls from our Saturday's announcement and we filled each and every request with the utmost satisfaction. It pays to please the people, and to do so one advertises. Here is where we pride ourselves. We never make any misstatements. We have actually bought about \$10,000 worth of fine tailor made clothing at 49 cents

on the dollar, we are selling it likewise, and will until January 1. Ask to see those \$10.59 suits. ### WILL DOE SUCCEED GEN. SWAIM?

Assistant Secretary of War Wants to Be Judge Advocate.

Assistant Secretary of War Doe started this morning on a tour of inspection of the military establishments of the east. He will be absent about three weeks. Further discussion in the local press of the probable retirement next month of Judge Advocate General Swaim brought out a reiteration by the newspapers of the claim that Gen. Doe is a probable successor to that important place. It is quite likely that the assistant secretary would like the place, but he declares positively that he has made no application for it and is not aware that any of his friends are working to induce the president to appoint him. However this may be, there are indications that certain members of the army are urging the appointment. The reason usually assigned is that a young man is wanted for the place, but among those best informed it is believed to be extremely doubtful that a man of Doe's standing and military experience could reach this high place.

### MUSICAL AT THE GRAND HOTEL

Mrs. J. F. Sweeney and Mrs. L. A. Torrens Entertain Their Friends.

The elegant music rooms of the Grand hotel were open last evening to a critical Janesville audience of about fifty persons, the occasion being a musical of a high order, given by Mrs. J. F. Sweeney, assisted by Mrs. L. A. Torrens. Mrs. Sweeney's playing is highly artistic. Her selections called for a wide range of technique and expression, but they were all rendered with that artistic finish and intensity of feeling which characterizes the true musician.

Mrs. Torrens possesses a voice of marvelous sweetness and purity. She is thoroughly musical and her singing last evening was a rare treat to those who heard her. After the program was finished, Mrs. Sweeney entertained the guests with ice cream and cake. The evening was most thoroughly enjoyed by all.

### SEVENTY GUESTS PLAYED WHISTS

Five O'clock Tea at the Home of Miss Nellie Carle.

Seventy friends of Miss Nellie Carle enjoyed a five o'clock tea and whist at the home of Mr. and Mrs. L. B. Carle in the Third ward last evening. The playing lasted until 10 o'clock and at the end Mrs. Frank L. Smith was declared winner. The company was very gracefully entertained. Appropriate floral decorations added to the beauty of the rooms and the refreshments were elaborate.

SOUTH CLINTON, Nov. 17.—The Turtle Temperance society met at E. D. Benedict's last Saturday evening. After a short program they elected new officers as follows: President, Miss Mattie Crockett; vice president, Mrs. E. L. Benedict; secretary, Clarence Dresser. It was decided to elect a standing program committee for the winter which was appointed by the president as follows: Mrs. E. L. Benedict, Mrs. George Adams, Mr. Edwin Dresser, Mr. Clarence Dresser, Miss Mattie Crockett. Miss Sprague of Peconia is spending some time at C. J. Dresser's. Gunder Larson and wife visited Beloit on Monday. N. E. Dresser had the misfortune to lose a good horse last Sabbath, the cause of its death being from getting a nail in its foot.

Mrs. Achsah Dresser left W. C. Dresser's Friday afternoon, where she took the train enroute for Colorado. Charles Dresser visited Blaine Monday. J. H. Soper and wife were callers in this place Sunday.

Some of our young people attended the surprise party for Grace Shimeal in Clinton last week. Neighborhood prayer meeting at E. L. Benedict's on Thursday evening. Subject, "Thanksgiving." Carry Roth was poorly last week. Mr. Solberg and wife were visitors from South Clinton a few days ago.

### Small Talk of Clinton.

CLINTON, Nov. 27.—The L. L. A. and Cartesian societies hold an open meeting next Friday evening. Pay your ten cents and help the young people. Roy Soper is again a schoolmaster. Prof. Simpich has a fine show of chrysanthemums. Mr. and Mrs. Clarence Giles are now pleasantly situated in the bridge cottage on Quality hillside.

J. H. Soper was called to Union Grove last Friday, to attend the funeral of his uncle. The Methodist and Congregational societies held a union meeting Sunday evening. The marriage of Alice Thorn and Arthur Griswold occurs Wednesday evening, November 28. Mrs. Chester, better known as Mrs. Gov. Harvey is in a very critical condition, and is a great sufferer. The lecture course promises to be a success, if selling tickets is any criterion.

## TWO STRONG TALKS IN CHRIST CHURCH

### ABLE ADDRESSES MARK TO- DAY'S PROCEEDINGS.

Richard T. Ely, the Famous Political Economist Tells of "The Educational Policy of the Church"—Rev. Prof. P. H. Hickman Reviewed Froude's "Life and Times of Erasmus."

The dedication of Christ church parish house was completed this morning. Sunday school will be held in the new building next Sunday. This afternoon there were two lectures of exceptional interest and importance and this evening another is listed.

The services of the day began with the celebration of the holy communion at 7:30 o'clock. There was morning prayer at 10 o'clock and an address by Rev. Fayette Durlin of Madison, on "Reminiscences of Bishop Kemper and the Early Missionary Days." This was heard with great interest.

Luncheon was served at noon and at 2 o'clock a review of Froude's "Life and Times of Erasmus" was given by Rev. Prof. P. H. Hickman. Richard T. Ely, L. L. D., the eminent economist spoke on "The Educational Policy of the Church."

The lecture this evening will be by Prof. H. M. Whitney. His subject will be "Oxford," and stereopticon illustrations will be used. The lecture will be under the auspices of the Brotherhood of St. Andrews, an admission fee of twenty-five cents being charged.

The exercises connected with the dedication of the Christ church parish house were auspiciously opened last evening, quite a number of visiting clergy assisting. The Rt. Rev. Isaac Lea Nicholson, bishop of the diocese of Milwaukee, preached a forcible and appropriate sermon in the church at the 7:30 service, after which the audience and visiting clergy went to the parish house, when the dedicatory office proper was said. The rector of Christ church, Rev. A. H. Barrington, Rev. Fayette Royce of Beloit, dean of the Madison convocation and Rev. Mr. Mallory of Delavan, dean of the Milwaukee convocation, made short and fitting addresses after which Bishop Nicholson concluded the exercises by a brief and happy address and formally declared the building dedicated.

The parish house is situated directly north of the rectory and church and faces on Wisconsin street. It was built by Christ church parish to afford a convenient and accessible place for carrying on the different branches of parish work, for which the church edifice is not suited, and also for the social purposes of the parish. It will also be used for holding sessions of the Sunday school.

It contains a conveniently situated Sunday school room, a reception room and a dining room, toilet room and closets all on the ground floor. The second story contains but one room, large enough to seat two hundred or two hundred and fifty people. A light and commodious hall or auditorium having a raised stage at one end. It is in this room that Professor Whitney's illustrated lecture will be held this evening. This room may be used for a variety of purposes, bringing suitable alike for holding parish socials, lectures and musicales.

The building throughout is substantially built, and will be artistically finished. It will prove to be a valuable addition to the efficiency of Christ church parish, as also an ornament to the city.

### News of Emerald Grove.

EMERALD GROVE, Nov. 27.—Miss Carrie Hammond has gone to Chicago on account of the illness of her mother. The Congregational lecture and entertainment course is nearly arranged and will be more fully advertised next week. Thanksgiving services will be held in the Congregational church on Thursday morning at 11 o'clock. Interesting exercises are being planned for Christmas by the Sunday school. Prayer meeting will be held on Wednesday evening at the parsonage. Subject "Promises to the Persecuted." Matthew xxi. J. C. Gillies of Evansville made a short visit to this place last week. Buckwheat at Gillies & Jones'. The Ladies Aid society will hold a "match social" at Levi Inman's on Friday evening, Dec. 7. An interesting program is being prepared for the evening. Ladies please furnish cake. A quantity of cord wood passes through the village every day for the Janesville market. The teacher of our school, Miss Nettie Inman entertained a number of her pupils at her home last Saturday afternoon. Messrs. Stenehjelm & Hadden are doing a good business in their butter factory. Some of our citizens are contemplating a visit to the Pacific slope to evade the coming winter.

### Keep Your Eyes Open.

For the announcement we shall make in these columns about December 1st, of a new deal that will catch the public, as no real estate deal has ever done in this city. We shall give you an eye opener in earnest.

In the meantime don't lose a word of what we have to say on East River-view Park. There are only 40 lots up there for sale, in fact only 38, and there will be 100 people wishing before July 1, 1895 that they had one of them. It don't make much difference how little money you have you can have a lot, we will "carry you" easy pay. If you haven't any money we will rent you a lot and before long give it to you. Ask us how? Yours very truly, just as ever.

GEN. L. & SARAH H. CARRINGTON.

## STATE HAS TOO MANY BODIES OF MILITIA

### JANESVILLE BOYS DON'T FEAR BEING DROPPED.

Four Companies Will Be Cut Off or Else There Will Be Consolidations that Will Reduce the Number of Regiments From Four the Present Number, to Three.

Four militia companies to be dropped is the work that comes from Madison. A year ago this would have carried consternation to the hearts of Janesville boys. It would have meant "No more Light Infantry." A year ago the Janesville's company stood very low. In twelve months, however, big gains have been made and the Janesville company now compares very well with anything in the state, from four to three.

Should this plan be carried out it will be in accordance with a recommendation made by Lieutenant Buck, of the United States army, who was detailed last summer to inspect the Wisconsin troops who did so very thoroughly. His recommendation was submitted to Adjutant General Falk, who, however, will probably not attempt to act upon it on account of his now limited tenure of office, and it will be left to his successor, Captain Charles King to decide. As at present constituted, the National Guard of the state comprises four regiments of forty companies. The First and Second regiments have eight companies each and the Third and Fourth twelve companies. The custom generally followed in other states is to have three regiments of twelve companies each and Lieutenant Buck suggests that Wisconsin's volunteer infantry would be improved by following this example. Should this arrangement be made it would result in the dropping of four companies or else their consolidation with other companies, and the consolidation idea is the one most generally approved by National Guard officers in a casual way, they having not yet had an opportunity to pass upon it formally.

### All the People [Not] Fooled.

"You can fool some of the people all the time, and all of the people most of the time; but you can't fool all the people all the time." This is a great saying, and represents the "Monarch Tea" question to a nicety. We have the only genuine "Monarch Tea" in Janesville. It is an easy master to get some "Monarch Tea" wrappers and put around some other tea boxes, or possibly empty boxes, set in front of the store and then advertise a big shipment of "Monarch Tea" "just received." Anybody can do that, it requires no smartness, but then all people do not try to "fool the people." We guarantee our "Monarch Tea" to be the only genuine in Janesville. Handsome solid silverware given away with it.

He was obviously desperate. "Do you love me?" he suddenly demanded.

"Yes," she answered at once, although it was the first time the subject had been broached.

## STRAUSS AND HIS DOG.

Story of the Waltz King and His Favorite Admiration in Boston.

When Johann Strauss visited Boston at the time of the Gilmore jubilee the "Blue Danube" waltzes were as well known in this country as "Yankee Doodle," and so when the composer was found to be a handsome and dapper little man, with lovely blue eyes and a mass of wavy black hair that was almost as extravagantly long as Paderewski's, the Boston musical women went wild over him. Strauss was a great dog-fancier at that time, and was accompanied by a magnificent black retriever. Toward the last of the concert days, some enthusiastic young woman sprung the idea of getting a lock of Strauss' hair for her locket. The fashion grew into a fad, and Johann promised every applicant a memento. And in due time the locks were distributed—many hundreds of them—each one accompanied by the compliments of the waltz king. Enough hair had been cut off and distributed to make Strauss look as though he had been sand-papered. Yet when he left Boston for New York his locks were as bushy and profuse as ever. It was remarked, however, that when Johann's beautiful black-haired dog was put into the baggage-car, the poor creature looked like a shorn poodle.

## NOW GIRLS, DON'T WORRY.

Your Best Defense is Your Voice and Your Hairpins.

The Woman's Cycle association of New York held a meeting to discuss the question whether women cyclists ought to carry policemen's whistles, knives or revolvers. If they will take John Smith's advice they will carry neither. A woman's scream is far more protection to her than a policeman's whistle would be, for it attracts more attention, can be heard farther and she is not so apt to forget to use it in emergencies. There is not one woman in a thousand who could deal an effective blow with a knife against an enemy who was watching and prepared to resist, so that weapon would be useless. As to revolvers, ordinarily the person, woman or man, who carries one, runs ten times more danger of shooting herself or some friend with it than she would incur from highwaymen or similar villains, if she went without one. There are some people who are justified by peculiar circumstances in carrying revolvers, but the everyday bicyclist is not.

No, girls, don't worry about weapons. When you ride wheels take along a plentiful supply of hairpins and an 18x20 chunk of true blower courage, and then, if you run into any danger, just calmly screech.

## Odd Names of French Streets.

The French have peculiar notions on the naming of streets, and some curious examples have come to my notice during the last month. When at Chateaudun viewing the president of the republic and his men at the recent maneuvers I noticed the following names of streets: The Drunken Butcher, the Sow That Cuts Along, All Devils, Love's alley and the Street Ah! Ah! Some of these names also exist at Mans, and I am told that at Boulogne-sur-Mer there is a street with the name Listen if It Rains. In this latter town there is also Tin Pot street, Arm of Gold street, and even the Fleas' Market.

## Sad Ingratitude.

"I dare say, Mrs. Ticklowell, observed the intimate friend, 'that the pretty little niece from North Carolina whom you have generously adopted will be a great comfort to you, now that your own children have married and gone out from the protecting shadow of the parental roof-tree.' 'I—I fear not, Mr. How-james,' answered the Boston mother, with deep sadness. 'To some extent I have persuaded her not to use the word 'without' for 'unless,' but if I cannot cure her of the habit of saying 'it looks like it is going to rain,' I shall quite despair of her future!'"

## No Hope for McKane.

ALBANY, N. Y., Nov. 28.—The Court of Appeals has affirmed the conviction of John N. McKane.

## Glass Works to Start Up.

WHEELING, Nov. 28.—Union labor circles have been greatly excited by an authoritative and explicit statement from Manager August Frohm of Factory H of the United States Glass company, that the trust has resolved to start factories O and H, both located here, about the first of the year.

## He Got Off the Counter.

ARMORE, I. T., Nov. 28.—Zera Martin, a half breed Indian, was shot and killed by Willis Lewis, 10 years old, last evening in a cider joint. The Indian had been drinking, and the boy, who was running the joint, asked him to get off the counter. He refused, and the boy shot.

## HIGH SCHOOL WORK TO BE INSPECTED

THE BOARD WILL HAVE A MAN  
TO OVERSEE.

Move the Result of the Discussion Concerning the Way the Work is Being Done—Johnson Electric Regulating Company to Adjust the Heating Apparatus—City News.

The balance of the work on the new high school building will be done under the eye of a superintendent this being decided upon by the school board at a special meeting held last night. There has been much comment on the matter. Some who appear well qualified to pass judgment insist that the contractors are doing first class contract work, and that the building will be all that the contract requires, while others equally well qualified, claim the work is not what it should be. The heating apparatus—the Sturtevant fan system—will be regulated by the Johnson Electric Regulating company, a contract to this end being authorized by the board.

JAMES CAMIS of this city, lost two toes while coupling cars on the C. & N. W., near Oshkosh Monday evening. He caught his foot in the frog of a switch and suffered the amputation of two of his toes by the cars running over them, the rest of the foot being terribly crushed. The wound was temporarily dressed and the patient brought to his home in this city, reaching here about midnight.

## MRS. DUNN HELD IN \$1,000 BONDS

CONTEMPT OF COURT CASE  
BEFORE JUDGE BENNETT.

Bound Over For that Sum to Appear at the March Term of Court in Green County Both as a Witness and Under the Charge of Contempt—Case Gains New Life.

Mrs. Dunn, who is charged with contempt of court, was brought before Judge Bennett this morning and held in \$1,000 bonds to appear in the contempt of court case and as a witness in the case of the state against Morehouse at Monroe, at the March term of the Green county court. She was taken to Racine by Sheriff Moore, of Green county today where she claims that she has property and can give the necessary security.

New life is injected into the Merchant-Morehouse case by the discovery of Mrs. Dunn. The madam was an important witness. She was subpoenaed, but when the trial was called she was absent. A bench warrant was issued by Judge Bennett, but she had forsaken her gilded palace in Racine and the authorities were unable to locate her until day before yesterday. As the jury disagreed and the case will come up at the next term of court it is probable that the witness will not be able to escape testifying, and the case will assume a new phase.

MATT MALONEY SELLING CIGARS.

Horseman Is Now a Traveling Man—Driver Wilson Is Insane.

Matt Maloney, the well-known driver is now selling cigars and frequently makes Janesville on his trips. Maloney once drove Senator Conkling in a hot race here, it being a match with the fast Whitewater horse Brilliant. Maloney thought he was getting the worst of the deal when the race was finally postponed on account of darkness, and made some remarks to the judges that came near ending his work in the sulky, but apologized and next day won the race.

"Gus" Wilson, the well known horse trainer and driver is insane and will be sent to the Northern Ohio asylum. It was Wilson who drove Temple Bar to victory and a 2:17 mark after he had been ordered up behind the stallion by the judges at the Glenview, Ohio, race track on the exciting day when George Spear, who is well known here was taken from the sulky because the judges believed that he and Dr. Sayle, the owner, had "fixed" the race.

IN THE BOND OF CUPID  
Murphy-Malone.

Dean E. M. McGinnity said the words last night that made Frank J. Murphy and Miss Josephine E. Malone man and wife. The ceremony took place at the dean's residence at 7:30. The young couple were attended by Miss Anna Welch as bridesmaid and Thomas Mahoney as best man. Mr. and Mrs. Murphy will live in the Second ward.

An Unusual Free Offer.

The world is filled with suffering people who can't seem to get well or find out what their trouble is. Such people oftentimes cannot afford the time or expense of a trip to the city, or the large fees charged by the best physicians. It is for just these people that Dr. Greene, of 35 West 14th St., New York City, who is without doubt the most successful specialist in curing nervous and chronic diseases, makes the following extraordinary offer. He invites you all to write him about your complaints, tell him how you feel and all the symptoms of your case, and he will answer your letter free of charge explaining the meaning of every symptom, telling just what your trouble is and how to get cured. He makes the most careful study of every letter, and his explanations are so clear that you understand exactly what ails you. And it costs you nothing. He makes a specialty of treating patients through letter correspondence and it has proved a perfect success. He is also the discover of that wonderful medicine, Dr. Greene's Nervura blood and nerve remedy. Probably you, reader, have some complaint which you would like explained and cured, and if you will accept this offer write this successful specialist about it, you will undoubtedly be made strong and well.

Our Position.

"First in war, first in peace, and first in the hearts of our customers." We are always first. If you take notice we are the first to advertise a cost sale no "shenanigan" here, we will name the goods and the prices, we always do that, and the cut will not be in name only but both in name and fact. We will present to your gaze Friday evening in the Gazette an array of dry goods and prices that will make old stocks bought two or three years ago pale in insignificance. We propose to do \$200,000 worth of business in one year, the year commencing next Saturday December 1.

BORT, BAILEY, & Co.

Didn't Want It.

In conversation with E. W. Lowell today, he told a representative of The Gazette that this is the 12th bankrupt stock he had bought and sold this season. He said, he was offered another one a few days ago but as it was only a \$2,000 stock, and as the year was nearing a close, when he would invoice, he thought he would not bother with it. Mr. Lowell seemed very much pleased with his year's success, said he made good

money, and would take inventory January 1, after which he would "hustle the dry bones again."

PUNCHED A MAN AS HE LAY ASLEEP

Henry L. Millington Licked William Christman In Bed this Morning.

When Henry L. Millington jumped onto William Christman this morning as Christman was reposing in bed, he jumped onto trouble which cost him five dollars and costs or five days in jail. Millington made the assault on Christman before he had got out of bed and for this he was arrested this afternoon and was fined \$5 and costs. Millington is not happy unless he is in trouble. Not long ago he got into a row concerning one Mattie B. Pfeiffer whom he afterwards married. The woman it is said now resides with her parents in Missouri and his first wife from whom he was divorced is residing in this city. The knowing ones claim that they have discovered signs of returning love between them. Whether the assault this morning had any connection with this or not was not developed in court. Millington pleaded his own case, while William Byrnes appeared for the state.

Everything has been brought from upstairs, downstairs, rear and front. Many good bargains are here such as fine stoves at half price, galvanized pails at 16 cents each, and Universal wringers at \$1.60 each. Three more days will finish the work. ## WATER CO. APPEAL FROM THE RULING

RECEIVERSHIP MATTER TO BE  
CARRIED UP.

Attorney Hyzer Gives Notice of the Appeal and Asks the Court to Grant a Stay of Proceedings Pending the Hearing of the Matter—To Be Heard Monday.

The supreme court will pass upon the matter of the appointment of a receiver for the Janesville Water Company. This fact was developed in the circuit court this morning when Attorney E. M. Hyzer made a motion in behalf of the water company, for a stay of proceedings pending a decision of the supreme court, he stating that the matter would be appealed. The motion for a stay will be taken up on Monday morning, when the question will be argued, and then considered by Judge Bennett. In case the appeal is taken a decision is not likely to be reached before next spring. It will remain, even if Judge Bennett should grant the stay, for the court to decide whether the management of the water works shall remain with the receiver or revert back to the water company. The company in their application for the stay, offer to give the city an indemnity bond to guarantee the furnishing of water in case of fire.

We Know How To Buy.

Perhaps we would be losing 15 cents on each Universal wringer we sell for \$1.60 if we paid as much for our goods as the fellow who says we lose 15 cents on each one, judging from the price he pays, we know we would lose that amount, but we know how to buy goods. We have plenty of those Universal wringers left which we are anxious to sell for \$1.60 each. If that gentlemen wants some for \$1.60 each he can have them, then he can sell for his cost price, \$1.75.

## GARMENTS FOR GIRLS.

Round Belted Bodices, Gay Colors and Light Weight Goods.

It is well to avoid the use of very heavy materials for the wear of young girls. Their rapid growth makes sufficient drain upon the strength to render it inadvisable to give them much weight to carry. A sense of languor and weariness is sure to be the result, and it is likely to disgust them with exercise if it is always accompanied by fatigue. Girls are ready enough to shirk the daily walk, even when lightly shod and lightly clad, but when they are weighed down with heavy clothes and their feet incased in very thick soled, machine made boots they have some excuse for neglecting the daily walk that should go so far to keep them in good health.

In this matter of boots and shoes it is impossible to be too careful. The fashionable pointed toes work endless mischief, deforming the feet and rendering walking a penalty to be dreaded, instead of a pleas-

GIRLS' COSTUME.

ure to be enjoyed. There is no need to have the boots made so square as to be disfiguringly hideous, but the narrow points should be rigidly avoided.

Bright colors are favored for the wear of children and young girls this season, brighter, if possible, than the tints worn by women, although it would be difficult to find any tone now considered too brilliant for maturity. It is not thought necessary to tone down clear colors for young people, however, and the touch of black that is found in most grownup gowns is by no means a feature of girls' costumes. The round, belted bodice is almost invariable, while a bertha or wide collar usually covers the shoulders.

The costume of which an illustration is given is intended for a girl 14 years old. It is of rose colored cloth trimmed with wine tinted velvet. The only trimming of the bell skirt consists of a row of velvet choux set near the foot at regular intervals. The round bodice is plaited back and front and is confined at the waist by a velvet belt closing at the side under a choux. A wide collar bordered by a ruffle edged with a band of velvet covers the shoulders. The sleeves have a balloon puff above the elbow and a long, tight cuff below it. The large, twisted hat is of rose felt, trimmed with wine velvet and black ostrich plumes.

PARIS DOINGS.

Crusade Started Against the Use of Birds in the Fashionable Toilet.

France, being the fountain head of fashion, is doubtless responsible for the extensive use of birds and wings for millinery purposes, but this crime has at last, it seems, brought its own punishment. Not only have imported tropical feathers been employed, but native resources have been drawn upon to such an extent that agriculturists are beginning to be alarmed at the immense increase of insects. The slaughter of birds has been unsparing, and bugs of all kinds, thus freed from the discouraging influence of their natural enemies, have multiplied exceedingly and devoured all before them. Man is helpless before the insect host. No insecticide that he can invent, no labor that he can perform, will make any appreciable inroad upon it. Nature alone can keep it in check, and she does so by means of birds, whose own life is dependent upon the destruction of insects, and who are therefore efficient and untiring executioners. A single nestful of birds destroys thousands of bugs and worms in a season, so the in-

WINTER COSTUME.

crease of the latter when the birds themselves are killed off in thousands is incredibly large.

Mme. Casimir Perier, wife of the president of the republic, has organized a crusade against the use of birds, breasts and wings for decorative purposes, and a movement thus authorized is likely to be attended with success. If Paris gives the word, of course England and America will abandon this barbarous custom; otherwise we, too, may find a plague descending upon us rivaling those of Egypt.

But Paris can boast of other novelties besides bird crusades. A galaxy of winter toilets has appeared, so brilliant as to be bewildering. Among these gowns is an out of door costume in Havana velvet that is particularly attractive. The bell skirt is cut in scallops near the foot, and the scallops are edged with martin fur. Below this is a flounce of black beaded lace over black satin. The round, cuirass corsage is cut in scallops at the top and has a square black satin yoke covered with beaded lace. The sleeves have lace epaulets. The flaring cape accompanying the gown consists of alternate panels of velvet and lace covered black satin and is trimmed and bordered with fur.

## Milton Notes.

Du Lac Lodge I. O. O. F. had a house full of guests Monday evening. About fifty members of Janesville City Lodge No. 90, and Wisconsin Lodge No. 14 were present, and the degree staff from the former conferred the second degree in a very pleasing manner. Lodges at Beloit, Edgerton, Evansville, Lima and Milton Junction, had representatives present and a brother from a Minnesota lodge attended. At the conclusion of the ceremony an adjournment was taken to the Milton house where an elegant supper was served by the landlady, Mrs. Dunwell. The local lodge enjoyed the occasion very much and the visitors expressed themselves as pleased with their reception. The Demorest contest at the Congregational church Monday evening was listened to by an interested audience. The medal was awarded to Miss Clara Rice.

## TO LOOK NICE.

ALL WOMEN DESIRE IT.

Some Points About How to Accomplish the Desired End.

[SPECIAL TO OUR LADY READERS.]

It is the most natural wish in life with women — to feel well and look nice.

It is born with them. It makes a world of difference to the wee little girl whether or no there is a bit of pretty lace or bright ribbon about her dress or on her hat.

Yes! All women like to look nice. All watch for the least signs of fading.

You have seen beautiful ladies, and been amazed to know that they have lived fifty or sixty years of life.

Have you ever stopped to ask why the few look so lovely while the many around you are so haggard?

Look into it, and you will soon find them blessed with a perfect and healthy organism.

Above all, you will find that no female complaints have seared their lives; no dreadful backache, no irregular periods, no bearing down, or any kind of uterus, ovarian, or womb trouble.

You are not like them now, but you may reach their high level if you will.

You suffer, but there is a remedy.

Lydia E. Pinkham's Vegetable Compound is the grandest remedy ever discovered for women. It restores the womb and all irregularities to their natural healthy condition, and makes possible a lovely old age. It cures every form of female complaint, from leucorrhœa to tumors in the womb.
